

# SCIENCE, THE BIBLE, & YOU.

BIBLE AND SCIENCE SEMINAR  
FEATURING: DR. GEORGE MATZKO

George Matzko earned a B.S. in Chemistry (1973) from Bob Jones University. In 1978 he completed his PhD in analytical chemistry from Clemson University. As a research chemist at Continental Forest Industries, he worked on paperboard production projects. He then joined the BJU faculty in 1979, became Chair of the Department of Chemistry in 1981 and Chairman of the Division of Natural Science in 1995. He is a member of the American Chemical Society, the American Association for the Advancement of Science, and the Creation Research Society.

George's commitment to a literal six-day creation carries an essential message that it's not science vs. scripture, but science in scripture that glorifies our Lord Jesus Christ and honors Him as the Creator. This is his passion.

HAMILTON SQUARE  
BAPTIST CHURCH

INVITES YOU TO COME & HEAR
